Do you need this license? You must possess a pest control dealer designated agent (DA) license if you actively supervise all pest control dealer operations at the principle or branch locations. A licensed DA is required at each pest control dealer location.

Basic licensing requirements You can obtain a DA license by submitting the application and appropriate fees, and by passing the required examination.

Examination You must pass the Laws and Regulations for Designated Agents examination with a score of 70 percent or higher (Title 3 of California Code of Regulations [3 CCR], Code section 6504). This examination demonstrates the applicant's knowledge of the laws and regulations governing the use and sale of pesticides, and the responsibilities of a pest control dealer business.

Examination exemption The following license and certificate holders may qualify to be a DA without taking the Laws and Regulations for Designated Agents examination:

- Agricultural pest control adviser
- Qualified applicator licensee
- Apprentice pilot
- Journeyman pilot

However, qualified applicator certificate holders, structural pest control operators, and out-of-state licensees do not qualify.
